Dear Parents/Guardians

We hope that you and your families are all still well and managing to keep safe. We wanted to start by thanking you for your fantastic support for the Afro Tech Week initiative. Kindly receive hereto progress and feedback on some of the initiatives we communicated to you previously.

Africa Tech Week

The two-day virtual summit was a success, and we would like to thank everyone who participated in the event. The event was bursting with tech trends and practical insights from speakers and acclaimed sponsors, the overarching sentiment is one of gratitude and the outlook optimistic future. The main focus was on the conceptualizing of strategies for living in a digital world - a reality that has abruptly arrived on the globe's doorstep. We would like to thank everyone who was able to attend the summit.

INVESTING IN AFRICA'S TECH

VIRTUAL 2 DAY SUMMIT 5-6 MAY 2021

FREE CODING CLASSES
CATERED FOR GRADE 8 TO GRADE 12 STUDENTS

APP DEVELOPMENT | E-COMMERCE | WEB DEVELOPMENT | PYTHON PROGRAMMING

apodytes | tech//week | topco | unicef | INDEPENDENT

Workshops/Coding & Robotics classes

We would like to thank everyone who took part in the Coding & Robotics classes as well as the workshops held between the 24th and the 30th of April. We would also like to thank all the teachers who have continued to work exceptionally hard to ensure that our learners are able to continue to learn Coding & Robotics. We urge parents to encourage their children to take advantage of these free classes as they are aimed at improving their problem-solving and computational thinking skills.

Afronovate Coding Competition

Due to popular demand, we have extended our Afronovate competition deadline to the **20th June 2021**. The competition allows learners to use the skills they learned from our Coding & Robotics lessons to solve problems in their communities, or society at large. We therefore strongly urge more learners to use the extra time to showcase their abilities to put theory into practice.

Please click the button below for the competition details.
