

Dear Parents & Stakeholders

In this first edition of our first Africa Teen Geeks Newsletter, we feel it is a good time to reflect on what we achieved in the previous year, update you on our latest and important developments, and look forward to an even more successful 2022.

At the outset, we would like to give our heartfelt thanks to the parents for the support and trust you have shown us, to the teachers who have shown resilience and adopted new teaching methods like virtual classrooms, a big "Thank You". Lastly, to our learners who have soldiered on with the changing times. It certainly wasn't the end to the academic year that we were expecting, but you have coped with many challenges and changes that occurred.

2021

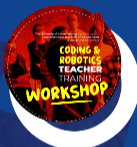

what a year it has been

Make every swipe count **and**
raise funds for our cause

We are pleased to announce that Africa Teen Geeks has been provisionally approved as a beneficiary on the '**My school My village My planet**', a Woolworths beneficiary programme.

The requirement for being the beneficiary is for at least 50 people to show their support by registering **Africa Teen Geeks** as one of their **My School My village My planet** beneficiaries. Kindly support this initiative by registering and/or getting other interested people to register. Simply download and complete the application form in the link below, and email to myschool@africateengeeks.co.za.
Forms to reach us by 28 February 2022.

Thank you in advance for your support for this initiative, and for your continued support over the years in working to eliminate the barriers faced by disadvantaged communities in pursuing science, technology, engineering and maths (STEM).
